

Dear Mr. / Mrs.

Sika is pleased to invite you to a special webinar “Sika® CarboDur® Calculation Software”.

You downloaded, installed and activated a free license of the software and for this the reason you are receiving the invitation to this exclusive webinar.

The goal of this webinar is to make you feel more confident in the use of the tool and to improve your user-experience.

In this webinar you will learn:

- Main software features
- How to use the software
- How to input the data
- Understand the error messages and the warnings

We will discuss about:

- FRP Design codes
- Philosophy and key advantages of Sika® CarboDur® Calculation Software
- Live session with some real calculation examples
- Troubleshooting

The webinar will be in **English**, focusing mainly on **TR 55**.

When: July 28th, 2020

Time: 9:00am (CET)

Duration: 1:00 h + Q&A

For further information about the webinar, please contact [Antonino Montalbano](#)
